

THE UNIVERSITY OF ARIZONA

Mel & Enid Zuckerman College of Public Health

Organization Name:

List the official name of the organization. The American Cancer Society

Organization Background:

The American Cancer Society (ACS) was established in 1913. We are the largest community- based voluntary health organization in the world. Are mission is to fight cancer and support those touched by it through education, research, advocacy and service. All our services are free to anyone in the world with cancer. www.cancer.org

Internship Project Title

American Cancer Society Health Systems Internship

Project Description:

Interns will learn all major aspects of ACS. They will train new volunteers, after they've been trained, on educating and supporting cancer patients on our supportive programs and services at our Cancer Resource Center (CRC). They will also have opportunities to educate the community at different public events such as Relay, educational conferences, and health fairs. Work alongside medical staff and our ACS office staff. Learn how to professionally represent ACS in any arena.
