

Central Arizona Area Health Education Center (CAAHEC)

<https://aachc.org/caahec-home/>

The Central Arizona Area Health Education Center (CAAHEC) is one of 6 regional Arizona Area Health Education Centers (AzaHEC) in Arizona, serving the entire Maricopa County and portions of Pinal and Yavapai Counties.

The mission of AzaHEC is to improve access to quality healthcare, particularly primary and public health by improving the supply, diversity, and distribution of healthcare workforce in Arizona, especially in rural and underserved areas.

Through extensive academic-community partnerships, AHEC is a recognized leader in health professions workforce development, including youth programs, clinical and community-based experiential training for health professions students and residents, continuing education for health professionals, and public health education. We connect students to careers, professionals to communities, and communities to better health.
