

Organization Name:
College Moxie

Organization Background:

College Moxie was founded in 2017 after many years of research in the field of sociology of collegiate women. Our mission is to empower every woman to know her worth and teach students to connect motives with behaviors to determine which choices best serve us. We also educate collegiate women about risks involved in campus life so we can raise the bar on campus culture. We do this through College Moxie Campus Chapters, our ELEVATE small group curriculum which gives women safe spaces to talk about hard things and through our EMPOW(h)ER Speaker Series and Panhellenic Recruitment programs available to campuses across the country. We are a 501c3 nonprofit organization and more information can be found at www.CollegeMoxie.org

Internship Project Title
Public Health Internship

Project Description:

We customize our internships to fit the desired learning outcomes of our students. College Moxie interns work on projects ranging from communications and digital marketing, assisting in program development, building administrative/ organizational systems, research and analysis. We require that our interns are innovative and confident in their abilities to contribute ideas while being strong team players and working well with others. Each semester we add women to our team who come from diverse backgrounds and Universities and bring varied perspectives to our organization.

When: When do you want the work done? Check all that apply.

☒ Fall Semester

☒ Spring Semester

☒ Summer Term

☒ I want this listing to remain active indefinitely and we will accept applications from students for any upcoming semester.

☐ This listing is only for a specific semester/term: _____

Where:

Organization Mailing Address: 219 Colton Street Newport Beach, CA 92663

Address where Student will work (if different from above): Remote

☒ Check here if the student may have the option to work remotely from a site not listed above for all or part of this project.

Student Characteristics:

We are open to various student strengths as long as the student knows what theirs are. Our projects vary as do required skills so we match students to projects accordingly. Students strong in communications, problem solving, creativity, organizational talent, and digital marketing/ social media are valuable assets at our organization.

Level of Expertise Needed: Do you wish to request an MPH program intern or an undergraduate public health program intern?

Undergraduate: The internship for undergraduates should provide an experience that allows students to incorporate classroom learning into public health practice.

Graduate: Applied experiences for graduate students should require application of advanced knowledge and skills to the solution of health problems and the production of at least two agency-based deliverables.

Both experiences prepare students for future employment.

☐ MPH

☒ Undergraduate

☒ Either

Supervision

Lizz Carter Clark; Executive Director; curriculum design, program creator and facilitator of Campus Programs; digital marketing/ social media

Savannah Clift; Director of Leadership; student level communications, program development;

Compensation/Benefits/Professional Development

As a nonprofit we do not offer stipends, however we enjoy finding continued learning opportunities for our interns; we have previously taken student interns to conferences all expenses paid and likely will again, depending on the semester, conference and student's availability
