Part-Time Internship - Environmental Health and Safety - (180005S2)

For nearly 90 years, Caterpillar Inc. has been making sustainable progress possible and driving positive change on every continent. Customers turn to Caterpillar to help them develop infrastructure, energy and natural resource assets. Caterpillar is the world's leading manufacturer of construction and mining equipment, diesel and natural gas engines, industrial gas turbines and diesel-electric locomotives. We don't just build great products, we pair them with the newest digital technologies and analytics to solve problems and anticipate customer needs. We are bringing our industry into the Age of Smart Iron. A lasting legacy of talented and committed employees give Caterpillar its competitive edge. It is our team that has allowed this company to accomplish great things. From the construction of the Hoover Dam, to earthquake relief in Indonesia, our employees have never failed to give customers enduring results through superior service and innovation.

Caterpillar's Environmental Health and Safety internships are focused on building technical competencies within the areas of environmental affairs, industrial hygiene and safety.

This is a 15-30 hour per week assignment during the school year, and 40 hours in the Summer months.

Candidates **must live within 50 miles** of the facility as this is a year round internship.

Besides exciting work, Corporate Interns will experience:

- Tours of state-of-the-art manufacturing and research facilities
- Product Demonstrations
- Networking with leadership
- Business skill building
- Career discussion with leaders and experts
- Resume and Interview workshop
- And more!

Applicants will be considered for positions in Green Valley, AZ.

Thousands of Caterpillar employees come into work every day. While they perform their daily tasks, they're really contributing to the work of a powerful global team. At Caterpillar, we know that innovation happens step-by-step, piece-by-piece, person-by-person. Everyone has a vital role to play at our organization. Modest, small projects can grow and evolve into groundbreaking, world-changing technologies, machines, services and more through collaboration and teamwork in a diverse and inclusive work environment.

Caterpillar couldn't be the company it is today without the men and women who shape it by producing their best work. Because employees power the success of Caterpillar, the company is committed to empowering the success of the employees. When employees win, so does Caterpillar.

If you are interested in applying for this position, please attach a copy of your resume and an unofficial copy of your transcripts, to your application.
