

UA Southwest Environmental
Health Sciences Center

UNDERGRAD INTERNSHIP OPPORTUNITIES

LOOKING FOR INTERNS TO:

- Assist with community event planning and outreach.
- Create environmental health (EH) outreach materials.
- Engage with tribal and Latinx community members through EH projects & programs.

**Interested in
environmental health &
need internship credits?
Intern with us!**

The Southwest Environmental Health Sciences Center (SWEHSC) is a collaborative and interdisciplinary research center that investigates the health effects of environmental agents and serves as a resource for the community
