

PETERSEN CLINICS
UNIVERSITY OF ARIZONA
COLLEGE OF MEDICINE

Organization Background:

Petersen Clinics and the Division of Infectious Diseases has been serving people living with HIV/AIDS for over 30 years. Petersen Clinics is part of the Department of Medicine's division of Infectious Diseases and collaborates with Banner Health Network to provide clinical care for people living with or at risk for HIV

The Petersen Clinics use a multi-disciplinary team approach to provide patients with comprehensive HIV specialty care. Our team is comprised of Infectious Disease specialists, Pharmacists specializing in HIV medicine and highly experienced health professionals serving as Clinical Coordinators, Medical Case Managers, and Early Interventionists.

For more information visit our website at www.hiv.medicine.arizona.edu

Internship Experience

The Petersen Clinics offer comprehensive medical care and a cadre of support services to best equip our patients for successful medical outcomes. Petersen Clinics interns participate in a wide range of activities throughout the semester to gain an understanding of these services and the numerous activities that occur in order for patient's care to be as seamless as possible.

During the semester activities will:

- Develop and support foundational knowledge of HIV/AIDS and contributing social factors for successful treatment
- Develop functional skills used in most professional environments
- Provide hands on experience working for a specialty medical practice
